

NOTICE OF CLASS ACTION LAWSUIT

The Circuit Court of Prairie County approved this Notice. This is not a solicitation from a lawyer.

This notice is given pursuant to Rule 23 of the Arkansas Rules of Civil Procedure and pursuant to an Order of Honorable Bynum Gibson, Judge of the Circuit Court of Prairie County, Arkansas. A lawsuit is pending titled, *Paul Betzner & Rhonda Betzner, The Calvin Fred Betzner Revocable Trust, James Alberson and Tiffani Alberson, Tiffani Alberson as Parent and Next Friend of M.J., a Minor, Kelly Kelley, Tony Patterson, City of Fredonia a/k/a City of Biscoe, on behalf of all others similarly situated v. C. J. Mahan Construction Company, LLC, Parsons-Mahan Joint Venture, Parsons Construction Group, Inc., Anthony Cruz, Scott Richardson, Chris Gentry and Bryan Hoffman*, In the Circuit Court of Prairie County, Arkansas, No. 2017-38.

Plaintiffs contend that between September 1, 2017 and September 6, 2017, raw sewage totally infiltrated the City of Biscoe Water System and parts of the East Prairie County Water Distribution Systems. In turn, raw sewage passed through the water meters and into the homes and businesses that received their water from these two public water systems. The Defendants are contractors that are working on the replacement of the Interstate 40 bridges over the White River. The infiltration was caused by the cross connection of damaged water and sewer lines at the tourist information centers on Interstate 40 near the White River. The Defendants have admitted they cross connected the water and sewer lines but deny the raw sewage totally infiltrated the City of Biscoe and East Prairie County Water distribution systems and deny they caused any damages. Plaintiffs are seeking property damages and damages for personal injury due to the exposure to the sewage in their homes and businesses. A trial will be held in the Circuit Court of Prairie County, Arkansas, at the Des Arc Courthouse. No money has been collected and there is no guarantee there will be funds available for class members. However, your rights are affected and you have a choice to make now.

BASIC INFORMATION

1. WHY DID I GET THIS NOTICE?

This Notice was issued because the Court has “certified” this case as a class action lawsuit and your rights may be affected. If you owned a home, business, church or other structure that received water from the City of Biscoe or parts of the East Prairie County Water Distribution System during September 1, through September 6, 2017, or resided in a home, business, church or other structure during that time, you may have legal rights and options in this case before the Court decides whether the claims being made on your behalf are correct. This notice explains all these things.

The Honorable Bynum Gibson, Special Circuit Judge of the Circuit Court of Prairie County, Arkansas (the “Court”) is overseeing this class action. The case is known as *Betzner, et al, v. C.J. Mahan, et al*, In the Circuit Court of Prairie County, Arkansas, No. 2017-38.

2. WHY IS THIS A CLASS ACTION LAWSUIT?

In a class action, one or more persons called class representatives sue on behalf of people who have similar claims. All persons, businesses, trusts, corporations, partnerships, limited liability companies or other entities who have similar claims collectively make up the “Class” and are called “Class Members.” One lawsuit before one judge resolves the issues and claims for all Class Members together.

The Court decided that this lawsuit constituted a class action under the requirements of the Arkansas Rules of Civil Procedure Rule 23. More information about why this is a class action can be found in the Court’s Class Certification Order which is available at www.BiscoeWaterClassAction.com. The Court has authorized this Notice, but it is not an expression of an opinion by the Court as to the merits of any of the claims or defenses asserted by either side in the case.

MEMBERS OF THE CLASS

3. WHO IS A POTENTIAL CLASS MEMBER?

Generally, if you or an entity which you control owned a home, business, church or other structure that was connected to the City of Biscoe Water System or parts of the East Prairie County Water Association during the time period from September 1, 2017 through September 6, 2017, you, or the entity you control, is a potential class member.

Additionally, if you lived or resided in a home that was connected to the City of Biscoe Water Distribution System, or parts of the East Prairie County Water Association at anytime during the time period from September 1, 2017 through September 6, 2017, you, and all members of your household, are potential members of the Class.

The Court has defined the class as follows:

1) The Biscoe Water System (BWS) and the East Prairie County Water System (EPCWS).

**Questions? Call 501-315-7491 or 501-404-2333 or visit www.BiscoeWaterClassAction.com
DO NOT CALL THE COURT WITH QUESTIONS**

2) the BWS and EPCWS customers, per exhibit 1 and 2, and those natural persons residing in dwellings or structures that those accounts service.

3) the property owners during September 1-September 6, 2017, as shown by the records of the Recorded for Prairie County and which were serviced by the 329 accounts listed in Plaintiffs' Exhibit 1 and 2. Plaintiffs' Exhibits 3 and 4 are maps showing the real property locations.

The exhibits referenced in the class definitions are attached to this Notice as an appendix. Those exhibits are the following:

- Exhibit 1- Biscoe Water System Customer List
- Exhibit 2- East Prairie County Water System Customer List
- Exhibit 3- Biscoe Water System Map of Affected Areas
- Exhibit 4- East Prairie County Water System Map of Affected Areas.

You should read the class definitions carefully and then consult Exhibits 1-4 to see if your name appears on the customer list. If it does, you are likely a Class Member. If you have questions, you may call, write or inquire of Class Counsel.

THE CLAIMS IN THE LAWSUIT

4. WHAT IS THIS LAWSUIT ABOUT?

Plaintiffs own or reside in homes that received their water from either the City of Biscoe or parts of the East Prairie County Water Distribution systems during September 1, 2017 through September 6, 2017. Defendants have admitted they cross connected the water and sewer lines at the State of Arkansas Tourist Information Centers located west of the White River on Interstate 40 after the lines were damaged by excavation equipment. Plaintiffs allege the cross connection occurred because licensed plumbers were not called upon to make the necessary repairs.

Plaintiffs allege that when the State of Arkansas opened the Tourist Information Centers for the Labor Day holiday in 2017, raw sewage from the Tourist Information Centers was pumped into the City of Biscoe Water Distribution system and parts of the East Prairie County Water Distribution system that was connected to the City of Biscoe System. Plaintiffs claim that the sewage then passed through the water meters and into every structure that receives water from these distribution systems.

Plaintiffs make the following claims: 1) that the Defendants recklessly and unlawfully cross connected the water and sewer lines causing systemwide contamination; and 2) that the City of Biscoe is a third party beneficiary of the bridge construction contract between the Arkansas Highway Department and Defendants that expressly requires the Defendants to perform the bridge construction in compliance with all laws and regulations for the public and the public's protection.

Plaintiffs claim both property and personal injury damages as a result of the sewage entering their homes, churches, businesses and other structures that received water from these water distribution systems. Plaintiffs claim that all private water systems inside their homes, businesses, churches and other structures now violate Section 608.10 of the Arkansas Plumbing Code which states:

608.10. Reuse of Piping. Piping that has been utilized for any purpose other than conveying potable water *shall not be utilized* for conveying potable water.

**Questions? Call 501-315-7491 or 501-404-2333 or visit www.BiscoeWaterClassAction.com
DO NOT CALL THE COURT WITH QUESTIONS**

Plaintiffs claim that the value of every structure that received water from either the City of Biscoe or parts of East Prairie County Water system is diminished because of the alleged violations of the Arkansas State Plumbing Code. Plaintiffs also claim that the entire plumbing systems in these structures must be replaced as well as ice makers, hot water tanks, dishwashers, washing machines and other appliances that use water. Plaintiffs claim that if the repairs are not made, and the structures are ever listed for sale with a realtor, that the sewage infiltration must be disclosed on a Property Disclosure Statement or its owner/seller would be guilty of defrauding his or her purchaser.

5. WHAT HAS HAPPENED SO FAR IN THE CASE?

The action was filed on September 18, 2017, in the Circuit Court of Prairie County, Arkansas. The Defendants answered the lawsuit and then removed it to federal court. The federal court then sent the case back to the Circuit Court of Prairie County Arkansas for adjudication.

On April 8, 2020, the Circuit Court of Prairie County, Arkansas, granted the Plaintiffs' Motion to Certify the Class. The Defendants appealed the decision to the Arkansas Supreme Court which, on March 4, 2021, upheld the ruling of the Prairie County Circuit Court. The Supreme Court did not consider the merits of the case but only whether it was appropriate for the case to be brought as a class action.

Plaintiffs and Defendants have taken many depositions (sworn statements) of many fact and expert witnesses. Experts who will testify on behalf of both parties have been disclosed. Written exchange of documents that are relevant to the case have been exchanged. The case is ready for trial.

The Defendants have admitted as a matter of law that they were negligent when they cross connected the water and sewer lines. They deny that Plaintiffs have been damaged in any way or that the infiltration was systemwide. The first trial is set to begin in August 2021.

6. WHAT ARE PLAINTIFFS ASKING FOR ON BEHALF OF CLASS MEMBERS?

Plaintiffs are seeking judgment against the Defendants in favor of Plaintiffs and the Class. A favorable judgment could include an award of some or all of the following monetary damages:

- a) Actual, compensatory, consequential and general damages to replace the public and private potable water plumbing systems and appliances that were connected to water systems inside of any home or structure that received water from the City of Biscoe and parts of the East Prairie County Water Association for the time period of September 1, 2017 through September 6, 2017;
- b) Actual, compensatory, consequential and general damages for bodily exposure to the sewage that entered the homes and other structures during the time period of September 1, 2017 through September 6, 2017;
- c) Actual, compensatory and general damages for medical treatment because of the bodily exposure to the sewage that entered the homes and other structures;
- d) Punitive Damages for reckless conduct in making the cross connection;
- e) Pre and Post judgment interest;

**Questions? Call 501-315-7491 or 501-404-2333 or visit www.BiscoeWaterClassAction.com
DO NOT CALL THE COURT WITH QUESTIONS**

- f) Reasonable attorneys' fees;
- g) Costs and Reimbursement of this lawsuit; and
- h) Any and all other relief that the Court deems proper.

7. IS THERE ANY MONEY AVAILABLE NOW?

There is no money available now. The lawyers for the Plaintiffs will present their claims and the lawyers for the Defendants will present their defenses at trial. If Plaintiffs win, there may be money awarded against the Defendants. The Court would then determine how to distribute these funds. However, there is no guarantee that any money will ever be awarded or obtained. If Defendants prevail, there will be no recovery and you will not be able to make any further claim for damages alleged in this lawsuit if you do not exclude your claim as provided for in this Notice.
